

*You are
Cordially Invited
to Attend
any of our
Worship Services,
Bible Classes, or
Special Programs*

WORSHIP SERVICES

The worship services of the church of Christ are patterned along the guidelines of the New Testament. We do only what God commands, or what is necessarily inferred from those commands. This pattern was acceptable to God in the first century, and since He warns us not to change it (1 Corinthians 4:6; Galatians 1:6-9; Revelations 22:18-19; 1 John 9-10), we strive to promote only that which we know will please Him (Ephesians 5:8-10; Romans 12:2).

BIBLE STUDIES

Sunday mornings and Wednesday nights there are Bible studies offered for all ages, especially adults. The focus is strictly on God's word and not on any secular events. Scientific and common sense rules are applied to interpretation of Scripture with a stress on the application of Biblical principles.

Adult classes usually consist of context studies of the various books of the Bible or topical studies relating to Scriptural themes like personal growth or ethical or moral applications.

FAMILY STUDIES

The church also offers personal studies in building up the family through specific courses dealing with such topics as:

- Improving Communication
- Increasing Your Spouse's Self-Esteem
- Working as a Team
- Managing Your Money
- Resolving Conflict
- Growing together in Christ
- Managing Pressure

HOME STUDIES

At a mutually convenient time, the church offers several courses that can be taught in your own home (or one of the member's). These are:

- The Process of Salvation (God's Plan)
- Foundations of Christian Living
- Understanding God's Word
- Evidences for the Bible being God's Word
- How the Bible has been Preserved
- Profiling the Image of Christ
- or just cover questions you have

SPECIAL STUDIES

Once one has met the foundational requirements more advanced courses are available. These may include:

- New Testament Greek classes
- Spreading God's Word
- or Other Religions and special topics
